“ *Dear Daddy I so miss you so much it's almost done 3 months seems like 10 years. Mom is just beside herself very lonely, her heart is completely broken and she's not quite sure which direction to go without you beside her side. We love her and will always be here for her and do whatever we can but a part of her will never be the same. We had Christmas without you and it was very strange of course we have our Traditions that we always do but without you it's just different we love and miss you Dad. I know I will see you again but it can't come soon enough love your daughter Samantha.*

“ You pass in nanas arms last night was the hardest thing I've ever been through to say the least. But it's been a hell of a ride old man, Thank you for everything. When mom passed you and nana took me in as your own and I couldn't be more grateful for the times we've shared. You've always been there for me and provided for our family no matter what and I couldn't have asked for more. It's hard not to be selfish, but you were tired and you were ready. You will always be with me, and I will take good care of nana and protect her from here, I promise. I can't express what I'm feeling and how bad I'm missing you but I will see you on the other side papa, fly high. - Love Sage
