“ Irene was a very special lady. I was privileged to be on Irene and Dees bowling team and enjoyed so much our time together. I was surprised to discover that I had babysit right next door to Irene in Portland back in 1952 and that her kids played with the kids I babysit. Such a small world and how quickly time goes. We will miss Irene and her positive attitude and will keep her family in our prayers and thoughts and hope that all the happy memories will help at this sad time. Gary & Lucy
