“ I am very proud to call myself her daughter as I miss her and I'm having a hard time believing that she is no longer here. I'm quite upset with her wishes with not wanting any services, I wanted to see her for one last time and reunite with my family. I worry about my dad James Sechrist wishing him well and hoping he does not go through too much pain. I'm here for you dad, I want to thank you for always being there for me and taking such good care of my mom. She had a hard life and did not find true love and happiness until she met you. Thank you, I have some beautiful memories as a child and all through my life. My mother was a beautiful, talented, funny, sweet, kind, classy lady who I have always adored. She was the best grandma any child could ask for, any loyal loving wife making my dad a very lucky man. I miss her laugh and her smell, I wanted more time with her and only wish I had pushed that issue more. My children miss her and my daughter Trista was fortunate to kiss her cheek and tell her goodbye as she laid to rest. Mom, you live here in my heart, you may be gone but you are NEVER forgotten. REST IN PEACE
