“ *WOW WHERE DO YOU START!! Mick Finn, teacher, coach, mentor, friend. I had the pleasure of having Mick be all of those to me at Ickes Jr High. For that I'm forever grateful for him being part of my life in the early 70's. As you grow in life your parents typically are the greatest influences, but I was fortunate to have many people that shaped my life and Mick was one. RIP teacher, coach, mentor, and friend. THANK YOU. I can see you blushing!!! My condolences to the family.*

“ *Mick always had a smile and was a great administrator. I always enjoyed working with him when we were working on a project that involved elementary and high school administrators. He was quiet and thoughtful but people listened to him for his ideas. One time after I had retired we were in San Francisco and after standing in line for a cable car ride for a time we boarded the car and there was Mick with some of his family. We were surprised to see each other and had a good lough about why that car at that time. To the family, we are very sorry for your loss and our thoughts will be with you.
