

Robert Doc Danner

June 10, 1925 - May 7, 2013

Robert Eugene Danner of Redmond, OR died May 7, 2013 at the age of 87. He was born June 10, 1925 in Sarben, Nebraska to Ivan and Florence Danner. He grew up and attended school in Nebraska before joining the military and serving his country in WWII. After returning home from the war Robert went to college at the University of Nebraska where he received his doctorate. In 1958 Robert moved to Silverton, OR, he worked as a Surgeon and Physician in Salem, OR. During this time he was very involved in his community serving with several service organizations throughout the years donating his time and money. He was the founder of Capitol Manor in Salem as well as the track doctor at the horse track; he loved the track and the horses. In 2007 Robert and his wife Sherry moved to Central Oregon where they resided until his death. Robert was very giving during his life with his services as a doctor and friend, he enjoyed his spare time watching football and any other sporting event he was a sports fanatic and Corn Huskers fan. He was also known as a gourmet chef he enjoyed cooking and was very good at it. Robert is survived by his wife Sherry Danner; brother Norm Danner; and his step-children Shawn Heierman and Danielle Lehman. He was preceded in death by his first wife Charlotte; son Pete and granddaughter Shyla. A graveside service will be held Thursday, May 16, 2013 at 1PM at City View Cemetery in Salem, Oregon. The family would like to give a special thanks to Ashley Manor and the nurse Lina.

“ Just learned of Dr. Danners death. 4-4-2014 He was so special, & dear to me and my family. I started being his patient when I was 15yrs that was about 1957 or 1958. My dad was gone and he became a father figure to me. He delivered all three of my girls. I left Salem in 1977 and missed him as my doctor. Never found another to fill his shoes. No one could, his sense of humor was great. loved to hear him laugh. He was so big and gentle. All my family went to him since 1955. Also I went to school and shared classes with Pete, he was so handsome. I never told him his dad was my doctor. My condolences go out to his family and all who loved him as I do. RIP Doc

“ To Docs family, Please accept my condolences. I had the privilege of providing footcare services for Doc since June of 2010. While he was not very communicative verbally, he usually responded to being reminded of his service as a physician. It is always an honor to give care to the elder caregivers I enjoyed learning more about him in his obituary. Blessings, Maggie, RN

“ Doc Danner was our family doctor for many years until he retired. He was also a family friend, especially to Bruce’s father, George. George and Doc both loved horses and shared many wonderful and memorable days at the racetrack. But their friendship went beyond that. George consider Doc to be like a brother. Because of their friendship, our children receive special attention. They grew up thinking that all family doctors gave such individual attention as Doc gave to them. He was always caring, patience and kind. They actulally enjoyed going to the doctor’s office. Doc is in our hearts and we think of him very fondly.

“ I knew Doc as a kid, my family lived on his ranch in Silverton and in Salem. He as a great man, a fair man, and a giving man. He gave me my first hunting rifle when I was 16 years old. A Marlin 30-30, I still have it, I am now 62. He will be missed and remembered by my entire family. May God Keep Him In his arms.. Thanks Doc for all you have done.

“ My sincerest condolences to the family. Doctor Danner delivered me on January 11, 1965. He remained my doctor until his retirement in the 1990.s. He is the only doctor I knew until I was well into my 30s. From minor ailments to a diagnosis of Graves Disease and Juvenile Diabetes, he was always there for me. He was not only my family doctor, but also family doctor to my aunts, uncles, cousins, etcl often think of him when visiting my ophthamologists office, of which the front half was Dr. Danners original office. He felt like family to me and wed have fun and joke with one another at every visit. He will definitely be missed.

“ I worked with Doc until his retirement. It was the most rewarding time of my work career. He was a wonderful caring,gentle,and giving man to all his patients and friends.Not often in life do you come across someone who give so unselfishly of themselves. Doc was one of those all to few people. He will truly be missed. Our thoughts and prayers are with his family at this time.

“ We first Dr. Danner in the early 1960s for an emergency visit for one of our four children. For the next 30 years he was our family doctor for me, my wife, and our children. He also became the family doctor for both of my parents. He treated all of us through a series of both major and minor illnesses. Besides medical topics we had discussions on politics, the weather, and everything inbetween. He was a great doctor and a good family friend.

“ Just married in 1968, I feared childbirth and sought a doctor who knew hypnosis. Thats how I found Dr. Danner who taught me self-hypnosis which I use till this day. Our firstborn came without pain in 1970 as did our second. Though I learned later of his personal tragedies, he was always upbeat and a role model for living life to its fullest. He will be missed. DM

“ My deep condolences to Docs family and friends. Dr. Danner was my doctor over 20 years and my families physician for over 30 years. I hold amazingly fond memories of going to the doctors office as a child. My acquaintance began when he delivered me on a June morning in 1955. We had what seemed to me a special born in June bond. I was amazed to find such a large man with such a kind and gentle nature. Of course the nurse had to do the mean stuff like injections. I felt the staff he had in his office through the 50s and 60s a dear part of that exceptional experience. As an adult I moved away from Salem but my parents kept Dr. Danner as their MD. My mom (Juanita) enjoyed bringing him fresh picked strawberries each year in celebration of his June birthday. So all through the years he practiced medicine, and a few years after he retired, I enjoyed at least annual news of Doctor Danner around strawberry season. This special man will forever have a special place in my heart. May the loved ones that remain be comforted by knowing so many lives were touched warmly and deeply by this dear man. May God rest his dear soul and reward him for his years of gentle service to his fellow man and equine friends..
